Explanation of Annual Technical Support coverage

- Technical support is limited to questions regarding the Shelter Pro system. Problems with computer hardware, software (except Shelter Pro), operating systems, networks, communications, and data recovery are not included in technical assistance fees. We can help with issues not related to Shelter Pro. However, payment for technical assistance will be billed in addition to the Shelter Pro pricing structure.
- Technical assistance does not include user training. Training options are available and can be purchased separately.
- Data backups are the customer's responsibility. Daily backups are recommended, however backup procedures are at customer's discretion.
- For support service, customers are welcome to call and/or email as needed. Most issues will receive initial recognition with a first call during normal weekday business hours. However if we are not available please leave a message knowing that we take great care in returning messages.
- At a minimum, any reported issue will get acknowledgement within 48 hours of initial report. In actual practice, most technical support issues will be serviced and solved within a few hours of first contact.

Explanation of upgrades

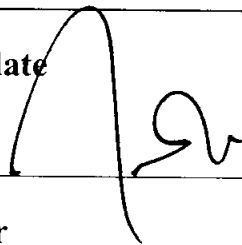

- Build upgrades - Newer builds of a version will typically include enhancements which are identified and implemented while not requiring a version upgrade. Build upgrades are included with annual licensing with the SQL Server backend option.
- Version upgrades - Version upgrades come about when significant enhancements are implemented which require a change in the database structure. Version upgrades are included with annual licensing with the SQL Server backend option.
- Upgrades are provided via internet download. High speed internet access is required.

Explanation of Annual Software licensing

- Shelter Pro is licensed to customers on an annual basis. The minimum cost for annual renewals is \$1650 per year. This pricing includes up to five (5) user licenses for the software. Additional user licenses can be purchased if more than five are required at the pricing described on this order form. Annual renewal pricing is subject to change.
- An invoice for renewal will be sent prior to license expiration. Once renewal payment (or purchase order) are received, the software license will be extended for an additional twelve (12) months.
- Documentation is included. This includes but is not limited to The Shelter Pro User's Guide and The Shelter Pro Administration Guide. All documentation is in soft copy form. If hard copy is desired, our customers are welcome to print the documentation.
